Gentlemen:

Ground Water Application No. G 2-27037

Your application has been approved and a permit will be issued in accordance with the enclosed Report of Examination upon payment of the statutory fee of \$20.60. Please make your check payable to the Department of Ecology.

This letter and enclosed Report of Examination constitute our determination and order. Chapter 43.21B RCW provides that any person who feels aggrieved by such an order may submit an appeal to the Pollution Control Hearings Board of Washington, with a copy to the director of the Department of Ecology, within 30 days of receipt of the order. Procedures for requesting a hearing may be obtained from this department.

Please send your permit fee within 30 days from the date of this letter.

Sincerely,

RE: Ground Water Application No. G 2-27037

Gentlemen:

Your application for the appropriation of water has been assigned the above-referenced number. Please refer to this number in future correspondence.

Enclosed is a notice of your application which must be published once a week for two consecutive weeks in a qualified legal newspaper of general circulation in Thurston County. A list of these newspapers in your county is enclosed.

Please read the notice carefully to make sure it is correct. Should you find an error, please return the notice to our office for correction.

You should contact a newspaper regarding publication of your notice as soon as possible. When you receive the affidavit of publication from the newspaper, please forward it promptly to us. This will shorten the time for further processing of your application.

Your application is considered to be a public water supply, since it is to supply water for human consumption other than for a single family residence. Public water supply systems are required to be approved by either the local health department or the Department of Social and Health Services (DSHS) depending upon system size. If you have not already done so, we suggest that you contact either your local health department or DSHS, Water Supply and Waste Section, Mail Stop LD-11, Olympia, Washington 98504, for further information.

Sincerely,

Kirk Sinclair
